

WE'VE GOT CAPACITY.

High call volume businesses require high quality dialer termination. USAD's Dialer platform was developed with you in mind. With our deep roots in the dialer industry, we understand what keeps your business running.

Guaranteed quality and completion. Send thousands of **concurrent calls** without being punished with short duration surcharges and experience industry leading completion rates with low post dial delay. USAD will meet your unique needs without sacrificing quality or reliability.

Concerned about capacity? Leave that to us. Our expert engineers are trained to analyze traffic patterns and perform **call allocation** seamlessly. You'll never have to worry about maxing out.

Flexibility you can trust. No call blocking and no blackout routes mean you're not limited to low cost areas. You can also pick the protocol, we accept both **TDM and SIP**.

Toll Free and Local DID also available. The more you get, the more you save with our multi-service discounts.

**90%+
ASR**

Low PDD

**No
Session Fees**

**No Minimum
Commitment**
